1. The papers put up merely to show that certain lands were acquired for the formation of an Extension in Hassan in the years 1916 and 1917 and last year, the request of the Municipal Council for a moiety of the cost of a further extension being met by Govt was vetoed. There are no particulars as to how many houses have been built, whether the Extension has been completely laid out with a satisfactory system of roads, drainage, water supply &c. The Deputy Commissioner's letter is all too brief and furnishes no information on these particulars. If approved, a brief report will be called for before taking further action.

2. The suggestion to name the Extension "Krishnarajapuram" appears to be

Final Note by the First Member of Council

Subject —

Naming of the Beeranahalli Extension in the Hassan Town as "KRISHNARAJAPURAM"

In forwarding a copy of the Resolution of the Hassan Town Municipal Council, in the matter of the naming the Beeranahalli Extension in the Hassan Town as 'Krishnarajapuram' after His Highness the Maharaja, the Deputy Commissioner, Hassan District reports in his letter No R O C 518-22 O C dated 4th January 1923, that the Municipal Council have acquired 102 acres of land at a cost of Rs 23,980/- and have laid out building sites and formed roads, that they have provided good drinking water by means of wells, that 37 houses and bungalows in all have sprung up and that the extension bids fair to be the nucleus of a thriving town in course of time

The proposal of the Municipal Council to name the Extension as 'Krishnarajapuram' in commemoration of the Visit of His Highness the Maharaja to Hassan in September 1922 deserves favourable consideration, and I solicit the gracious approval of His Highness to the proposal

Ml 116-22-3

Sir,

Adverting to your letter No.L 3116/Ml.116-22-2 dated 22nd October 1922, calling for a report on the previous history of the Beeranhalli Extension of the Hassan Town together with particulars on certain points, I have the honor to forward herewith for information a copy of letter No. 578 dated 28th December 1922 from the President Municipal Council Hassan in the matter.

2 It is ascertained that before the year 1917, the townspeople of Hassan used to put up health sheds in a portion of the present Beeranahalli Extension. The old town proper was congested and there was also a paucity of suitable and convenient sites for constructing decent dwelling houses, On account of the difficulty of getting good drinking water. When the Railway Station was decided to be constructed at the place where it now stands, a desire was evinced by the public to construct houses in the extension in question Consequently about 35 acres of land were acquired by the Hassan Town Municipality and a regular extension was laid out for 84 building sites This has since been increased by 67 acres of land It is reported that the total cost of acquisition of lands, forming sites, roads etc , amounted Rs23,980/-

upto date, and the whole amount has been met out of the Municipal funds 37 houses and bungalows in all have sprung up. The extension has a good drinking water supply by means of wells. Roads have been formed and it is under the consideration of the Municipal Council to metal also of some of them The whole of the 67 acres recently acquired for the extension may not be immediately taken up but it may be safely said that the extension will prove to be the nucleus of a thriving town in course of time.

3. His Highness the Maharaja was graciously pleased to visit this extension when he had come here in September last The request of the people and the resolution of the Municipal Council as regards naming the extension may kindly be submitted to His Highness for favour of his orders

I have the honor to be,

S i r,

Your most obedient servant,

K Nijalingappa

Deputy Commissioner,

Hassan District

AS/4-1

Letter No.Gl 578 dated 28th December 1922 from the President Town Municipal Council, Hassan, to the Deputy Commissioner, Hassan District.

In reply to your Memo No.O C 518-22 dated 28th October 1922, calling for a report on the previous history of the Eastern Extension of Hassan Town, I have the honor to state that the Municipal Council of Hassan approving of the proposal of the Vice President Hassan Town Municipality, resolved at their meeting held on 27-2-15, to acquire an area of about 35 acres on the Eastern side for the purpose of the extention of the Town, since they were convinced that there was an increased demand for suhh an extension in the locality selected owing to the Extension of the Railway to Hassan.

Soon after the acquisition of the above said lands, roads, lanes and sites were marked, the total cost incurred for the formation of the same being about Rs 8500-. Out of the 84 sites allotted in the extension 16 are cottage sites, 22 are bungalow sites and the rest are house sites. The unicipal Council met the cost of the formation of the Extension entirely from Municipal funds and this amount was gradually recouped by sale of sites.

About 37 Houses including bungalows have been constructed on the several sites and some more are under construction in the locality.

The existing Extension has been laid out and roads are now being metalled. Scarcity of water has not been felt as water can be got within easy reach by sinking draw wells and as every house owner owns a well there As the demand for further sites in this extension was very great, an extant of about 67 acres of land was acquired for the purpose of extending towards the North at a cost of Rs 15480/- and this is under formation

Further I beg to add that the Municipality has, however, sunk a well in the proposed further Extension, at a cost of about Rs 1745/- so as to be advantageous both to the occupiers in the proposed Extension and to the villagers of Bashetty Koppal, a suburb of Hassan Town
